

Brick Cage BSN6

Description

The BSN6 Brick Cage is designed to convey pallet of bricks or similar loose products safely to a work location via overhead crane.

Suitable for 1200 mm square pallets (1240 mm clear inside) and up to 1500 mm overall height. Zinc plated finish. The cage can be supplied as a fully assembled welded unit BSN6W or as a flat self assembly BSN6F which is then bolted together.

- Safe Working Load: 2000 kg
- Lifting Points: 4 point lift
- Unit Weight: 255 kg
